SUBMARINES.

HISTORY OF APPROPRIATIONS FOR SUBMARINE BOATS AND SUBSURFACE BOATS.

Act of March 3, 1893, authorized *Plunger*, which was contracted for March 13, 1895. Contract canceled April, 1900, and amount previously paid credited on new contract of November 19, 1900, and payment for new *Plunger* made out of appropriation of 1893—$200,000. Reference to present *Plunger* made in act of June 10, 1896.

Act of June 10, 1896, provided for construction of two Holland submarine boats at $175,000 each.

Act of March 3, 1899, provided for construction of two submarine boats of *Holland* type, similar to the *Holland*. (Amending act of June 10, 1896.) One of these two was the *Holland* and was purchased—$150,000.

Act of June 7, 1900, provided for construction of five submarine torpedo boats of *Holland* type, and the Department, on August 25, 1900 (referring to acts of 1896, 1899, and 1900), contracted for *Adder*, *Grampus*, *Moccasin*, *Pike*, *Porpoise*, and *Shark*, at $170,000 each.

All except the *Plunger* were paid for out of appropriations "Increase of the Navy—Construction and machinery."

Act of March 3, 1903, authorized the Secretary of the Navy, in his discretion, to contract for or purchase subsurface or submarine torpedo boats, not exceeding $500,000, and provided for certain tests.

Act of April 27, 1904, the Secretary of the Navy is authorized to contract for or purchase subsurface or submarine torpedo boats, after they have been fully tested to his satisfaction and found to fulfill all reasonable requirements for submarine warfare.

Eight hundred and fifty thousand dollars is appropriated for this purpose, and to make up said sum the sum of $500,000 (or such part thereof as may remain unexpended) is reappropriated in this act.

Under this act contract was made with the Electric Boat Company, of New York, for four submarine torpedo boats, building at the Fore River Ship Building Company, Quincy, Mass., named as follows: *Octopus*, *Viper*, *Cuttlefish*, *Tarantula*.

Act June 29, 1906, Secretary of the Navy is authorized to contract for or purchase subsurface or submarine torpedo boats to an amount not exceeding $1,000,000, of which sum $500,000 is appropriated.

Act of March 2, 1907, limit of cost of act of June 29, 1906, increased to $3,000,000, of which sum $500,000 (additional to the $500,000 of act of June 29, 1906) is appropriated. Test period is extended until May 29, 1907. No part of this appropriation to be expended for any boat that does not in such test prove to be equal, in the judgment of the Secretary of the Navy, to the best boat now owned by the United States or under contract therefor.

Under this act and act of June 29, 1906, contract was made with the Electric Boat Company for four submarine boats of the *Octopus* type at $285,000 each, and for three others of the same type, though of greater displacement, at $360,000 each.

Act of May 13, 1908, provided for eight submarine torpedo boats, in an amount not exceeding $3,500,000 in the aggregate; $3,000,000 is appropriated toward said purpose and for the completion of those heretofore authorized. Contract for the eight submarines not yet awarded.
